Put Some Magic in the Bowl!

We believe food is medicine & we love adding in fresh foods into our pet's diets. By adding in fresh whole foods, you can maximize your pet's nutrition no matter what you're feeding; kibble, wet or raw. Functional whole food supplements like Raw Goat Milk, Raw Fermented Cow Milk, Slow-Cooked Bone Broth, fresh greens, mussels & mushrooms are just some of the fresh products that can strengthen your dog or cat's immune system, support their joint health, improve their digestive system, and enhance their skin & coat and even help with seasonal allergies. Help your pet thrive rather than survive. Stop in & we can help you find the right option(s) for your pet. We're passionate about the health & well-being of your dogs & cats. Check out our In The Kitchen with Four Muddy Paws series on our Four Muddy Paws YouTube Channel for more information on your pet's diet. <https://youtu.be/VKTc0dCS6pQ>

Square One Brewery & Distillery

1727 Park Ave. • 314-231-2537 • squareonebrewery.com

Summertime or any time, join us on Sundays for our Brunch Menu, served from 10am until 2pm. Brunch is an a la carte menu, featuring favorites such as eggs your way, pancakes (made from scratch of course), Belgian waffles, homemade cinnamon rolls, frittatas among other breakfast fare. Along with this great menu, we also feature a build-your-own flight of Bloody Marys, featuring an assortment of options from our distillery. Whether you come for the food, drinks or both, you will enjoy the most unique brunch in St. Louis.

After enjoying brunch at Square One, come back in on Monday or Tuesday evenings for two other special event menus. On Monday, we feature our Macaroni Monday Menu. This a la carte menu allows you to build your own bowl of macaroni and cheese with one of five sauces and almost every imaginable meat, cheese and vegetable option. Build a Burger Tuesday is based on a similar concept with one of three burger options and all the toppings imaginable. Both of these special menus run from 5-9pm on their respective evenings.

Modern Dollar Planning - New Blog!

modern-dollar.com/blog

Mark & Andrew of Modern Dollar Planning have started a financial planning blog. It is educational in nature & can apply to anyone no matter what stage

of life you find yourself in. Check out the web site above for some great tips & tools!

Here is a peek into the latest post:

It's no secret that starting to save early and often, no matter what the dollar amount, will give you a higher probability of financial success down the road. One of the most common questions financial advisors are asked is, "How much should I be saving?" I've heard this question so many times that I put pen to paper to see if I could come up with a formula as to what percentage of your income you need to be saving at certain ages. The results are eye-opening!

Thank you for supporting your local Lafayette Square businesses!
We look forward to seeing you this August!
