### incite Design Studio

incite Design Studio  
architects

Hello neighbors! We are incite Design Studio, a small band of architects who really love what we do and the people we get to work with. After a few construction delays, we have finally moved into our work home at 1800 Lafayette Ave Suite B. We opened our first St. Louis office

in February 2017 at 2301 Hickory Street, and we purchased this building to make it our permanent home. The main iDS office opened in 2005 in Kansas City with the majority of our clients being school districts and parks & recreation communities. Our main aim is to build relationships with our clients & coworkers; we love working in the Lafayette Square area and all that comes with this neighborhood.

We also have six work stations available for rent as an incubator space. If you, or anyone you know, is looking for a nice work space, please contact us at (314) 279-4500 and ask for Mike Hilmes.

The space has direct access to a kitchenette, restroom and a shared large conference room. Multiple Internet ports are available per station as well.
