Help incite Design Studio support a great cause!

incite Design Studio is participating in a Design & Build Competition called "Canstruction" to benefit Operation Food Search. OFS is a nonprofit charity that distributes more than 35 million dollars-worth of food & necessities to 330 community partners in 31 Missouri/Illinois counties & in the city of St. Louis.

Each team will look to gather donations from corporations and individuals to help purchase canned goods that they will then use to create a "structure" for the competition. We are excited to participate in this competition to help give back to our local community & truly make a difference. We are looking for sponsors to help support this great cause, and are hoping you can join us by sponsoring our team. Please contact Mike Hilmes at: mhilmes@incitedesignstudio.com
